Endless Sea

Hello, can you hear me?

You were once my greatest love

Yes, you were all that mattered

But then you left me,

and then my world was shattered

I'm still here, still broken as ever

I'm all alone and I'll be alone forever

I can't stop my falling tears

I'm falling and there's no one there to catch me

Without you near nothing seems clear

I just wanna lock away my feelings and throw away the key

You're gone now

but I'm still holding on to yesterday

I know you're gone now

and I can't see any good reason why I should stay

All that I fought for is gone

and all that I believed in was wrong

My heart has turned to stone and all that I feel is pain

I sit alone and eat my heart out in the pouring rain

Without your love my heart is empty and cold

Without your heart there's nothing to hold

My faith is dead

and my laughter is gone

I'm sailing on this endless sea

and I'm all alone
