Black Angel

You

Black Angel

With the mysterious eyes

What is your intention

What is your message

I get lost in your aura

And I drown in your eyes

All with a feeling

“this is the way”

You

Black Angel

Please keep me safe

On my journey

I´ll travel

To the end of the time

If that is your wish

Or I´ll stay here

For the rest of my life

You

Black Angel

Whisper in my ear

Come to my dreams

And wipe me away
