

Publicerad 2009-02-01 15:00 av zyz

My morning

I open my sleepy eyes

And try to remember the dream

A dream that was wonderful

A dream that I would like to experience in real life

A sensual woman, whit wonderful eyes

Whit a body like a supernova

Whit a smiles that's warming me

And hands that touching my body

Again I would like to feel here naked body against my body

But now in reality, not in my dreams.
