

Publicerad 2009-03-11 23:07 av HannaHJ

**The shore.**

Are you trying to reach the shore over there?

- the one that you adore but refuse to share

Are you trying to take my helping hand in yours?

- the one you once took and said 'we can stand any force'

Are you willing to agree, and perhaps even see

- that the only thing I want is for you to be free

---
