

unthought word pudding

corrupt passages... blank mind divulge naughtmemories pass... eyes blink... goneif wind be faithful... fly
crude truth be following suitsound mind in sound soul... screamlisten... screams fade... listen...whispers in
the dark

share the noise... speakmere fleeting flow free foreverwhat is light?spoken word so free of doubtwhat is
now?essence of time divided into pieces

blame goes where blame knowssedated eyes never speaksedated mind never thinksedated fingers knows no
words

but what is I... cannot saymatters more when none is nearmatters none when none is there

to follow, to fly, to ramble and hold breath in so deep it hurts when I smile

silence now... silence and dreams gone ever long gonesilence and sweet distresssilence and mindless

violence ever inwardsto bleed... inside... to never be alive

death is close she knows

the dark angel of everlasting judgementshe knows

truth isn't the saviour you thought upangels are but humans sans wings

but death is closebreathing on my neck at nightscraping her sharp nails on my windowmaking my dreams
dark

let it go forget let it go forget

nothing matters but the rain

nothing mattersnothing exist to matter

nothing exists

I falter and I breakcrumble and shatter and pieces of me run awaymy whole is nothing without and I
don't remember when

why did the birds all fly away from me?

let it go forget let it go forget let it...

I don't remember who I was supposed to never know

time to stop
