en tjej ja älskade o trodde skulle bli min fru:(

Till En Kvin

From the first day that I saw your smiling face
I thought I came to the paradise place
When the sky is dark and I see no light
You're always on my mind 2 help me through the night
When the rain falls down and you tears won't dry
My voice will whisper: Girl, Don't Cry!
Whenever your world feel lonely and cold
come 2 me I don't offer you 1 hand I offer you 2 hands to hold
I try to move on
that my feelings are all gone
But since the Valentines day
I've loved you more than I can say
Because when I gave you my heart
I thought we never should be apart
You don't need 2 speak
when I see you I get nervous and weak
I try 2 show how much I feel
It's a dream but it's not fake it's real
So many tears I've cried 4 you
only thing you have 2 to do
is to know that how much I care
and believe me I WILL be there
Your beautiful eyes glittering like the oceans
let me know about your emotions
Everytime I see you my heart burns like the fire
don't say anything just feel the desire!
The dream come true when you're mine
When I'm with you everything feels fine
When You feel sad and I take your hand
you'll not feel bad
I have been in love and been alone
I just wanna marry you and find a home
Never known what's right 4 me
til the day you opened up my heart and set it free
how you got me blind is still a mystery
I'm sorry 4 the things that happened in your history
I deserve a try honey 2 show you where you belong
Give me a chance and I'll prove this is all wrong

I always wanted to sing you a song

2 show you how 2 be strong

But honey they are nothing like me

MY LOVE 4 YOU IS MEANT 2 BE
