**and this too shall pass**

nothing really matters to me anymore.

nothing goes the way i planned it anyway. but still

the show goes on, even if i want it to or not.

and still i care, even though i try not to.

once someone said "and this too shall pass".

Yes,sure,but as soon as it has something else begins.

all i want now is for at least something important to me to go right.

perhaps that's too much to ask for?

"i don't know why i want you so 'cause i don't need a heartbreak."

jeez,all my thoughts makes me dizzy and oh,so confused ..
