(These days) Other People are Hell

These days other people just are hell
So dont you ... dont you ring my doorbell
Just let me be alone ... Im safe in my shell

I dont wanna be your drug
I dont want your creepy hug
I just claim to be free
So why cant you see

Please just give me some air
Cause youre not good for me
What you do isnt at all fair
One day you gonna agree

These days other people just are hell
So dont you ... dont you ring my doorbell
Just let me be alone ... Im allright in my shell
