Freedom is just an expression

Freedom is coming?

Freedom is coming!

If I did believe you once
you still proved me wrong.

Love me sweet,
don't you let go.

Come closer,
feel the fire inside,
don't you ever let go!

I want you,
I need you,
who are you?

Now is like before except for
my only regret.

Won't I move on?

It can't stop,
if it never started.

Eternal circle
right above your head.

Freedom is coming..

..woohoo.
