Dreamin' Same Movie (SeptetteSerpent no 2)

I had met her in some others dreams
don't remember how recently, but often it seems
Now we dream we're playing in the same movie
I'm supposed to trick us into her father's library
then while she wants to bring her own poetry
I will already be vanished behind these bookshelves' family memory
so now I'm only dreamin' of her - she never more of me
