the endless Love within a dying heart

Black razors sing patiently in the night

Turn all that was velvet

my one thousand thoughts

I did it again

Don't be afraid

there is no need

My lost salvation

please just sing to the flow of bleed

A song so clear as tears

glistening in the dark

my sanity tries to stay sane

All that was velvet

turn so dark

dark red, almost black again

Cold steel, so warm in the night

Casting shadows all around

your beautiful rainbow nowhere in sight

Heavy tunes

pounding hard

reopen the forgotten scars

singing so softly, my profound and mellow tunes

Did I say I love you

The unforgotten and never ending

I guess you already knew

that all that I am

I am for you

So small and light

these black razors singing to me tonight

Like an orchestra

Holding the secret

to why the tunes

sometimes cry out of smiles

out of warmth and unforgiving love

Let me listen

Let me glisten

Let me tune in and sing
I'll bleed to the bows
I'll open up to the clarinet and broaden my wings
My velvet sky
will ones again shine bright
I will have my sun back

Heavenly as any god might be
the burning feeling
singing inside of me
I invite the calm of your face
Your eyes resting lovingly on mine
I smile
I could die in your embrace
Behind my closed eyes
You're holding me so tight
I do not struggle
I do not want to fight
Did I tell you I love you
Unforgotten and never ending
I see you breathe
maybe I could rest mine for awhile

The nighthour sing
Now I can finally see my wings
I'm so light
The dark is gone
Will you fly with me tonight?
I'll race you
It is so beautiful
Lets caress the velvet sky
I hold on tight, with my empty hand
Are you ready
Please don't cry
It doesn't hurt to die
All I hear
the tunes
but not of black nor red
The songs they sing
The angels voices that rings
They tell of beauty

Listen, can you hear
what they're whisper of
I'm so happy and unafraid
They're singing of you
my love
