Chris Adler's just like me thinking drums constantly back in '93

Willie Adler's like when I was 18 trying to make other people happy so it would rub off some back to me

Randy Blythe's just like me when I was an angry metal rookie teen taking revenge on society

Mark Morton's just like me too til a couple of years ago taking it cool rolling a cigar back in '03

John Campbell's the calm rock of it all taking it slow and reflecting he's just like me as I am now

tribute to Lamb of God

oftast när man ser en behind the scenes tappar bandet i respekt, band man hyllat halva livet som Kiss, Manowar, Yngwie eller Mudvayne men både vad gäller Ozzy, Pantera, Black Label Society o LOG så ökar de i respekt!

Om trummisen naturligtvis är mest lik mig som aktiv i band så är Mark Morton mest lik mig privat
