

Publicerad 2009-08-21 19:29 av Agge aka Ninja

No distance can hide what i feel

I cant run from my feelings...

Mountains and seas cant put thoughts away

Thousands of miles, still it's not the same

I just used to live, was enjoying my life

But now that I know you I cant quite relax

These feelings inside me keeps growing each day

And days are just waisted without you im dead...
