Falling up

I fell down the stairs
and I fell up the stairs
the staircase laughs at me
and I scream and I scream
I laugh and I laugh and
my toes are crawling
arms and legs and feet
are crawling, they're crawling
crawling up the stairs and
falling down the stairs
and then I fell again, up
the stairs and my legs
my feet my hands my arms
are crawling, falling, up
the stairs, and I laugh and
I cry and I scream and my
toes are crawling down
they are crawling up the
stairs my feet are falling down
the stairs and my head is falling
up the stairs, up the stairs,
up the stairs, up the stairs
