Empty souls .

Yes i might like you,
just because you'r the
opposite of him
And yes, i might like
when you'r holding me close
'cause im feeling so alone
I think we found each other
cause we want the same;
we don't want each other,
we just want to me filled
with something so we doesn't
feel so empty.
But's scary, cause someone of
us might be hurted in the end.
Meyby we should quit this now,
or meyby not
cause i like you a lot..
