

Publicerad 2011-07-23 14:03 av Sutef

**Ode to the norweigen killers!**

what the fuck were you thinking

what the fuck is your name

you cunt, you killer, I know you're to blame

what the fuck went wrong

why the fuck are they dead

what the fuck happened, in that shit for brains head?

what about after

you fucked ten thousand lives

I'd love to be alone with you and some knives

You cunts!
