Absolution

My kingdom come, your will is done

I am the moon, the burning sun
on earth, as I shall be in Heaven.

I am clarity, I am dust and grain
my spirit dwells in tears and rain
doubtfully falling from Heaven.

I am the answer to your call
I am the angels' voice for all
torchingly burning in Heaven.

I am your skin, your moaning sighs
I am the smile in all your lies
beautifully smiling in Heaven.

I am your weakness, all your dreams
I am your heart as it redeems,
despairingly glancing to Heaven.

I am your sin, your pure delight,
I am your soul, I am the light
forever reigning in Heaven.
