Shading (song)

Shading

Shading

Shading away from light

Shielded from every sight

Fading

Fading

Fading away from all

Falling without to fall

Every minute you're awake and

It feels like it is taken

And it feels like it is taken away

When you ever come to sleep you

just want to go deeper

Just want to go deeper and stay

Chorus

Everything's a waiting and every day is long

Everything's a waiting so waiting is the song

The song that tries to tell you whats wrong it isnt wrong

Again

Again and again

Again and again

Again and again and again

Rain

Rain

You dont know if its rain or sun

You can not hide or run

Chain

Chain

Chained just to drain you out

Not know what its all about

You think its because of you

And its nothing you can do

Nothing you can do to redeem

Even if your not the one blame

Full of guilt and full of shame

You are soaking up all blame so it seem

Chorus

Sending

Sending

Sending away your soul

Leaving an empty hole

Rendering

Rendering

a creature that yet can cope

Left without soul and hope

In one life it feels like dying

In another you'd be flying

You'll be flying in the sky like a bird

In one life you will be singing

In the other scream is ringing

With a scream that nowhere else can be heard
