Skyline

you are a bird
that i'm holding to hard
i suffocate you
with my arms

if you warm me i will freeze you
and if you freeze me i will warm you too

it's a thin line
between love and lie
that's the sunrise
that's the skyline

i need to feel
your fingers on my scars
i communicate
with my arms

if you love me i will leave you
and if you leave me I will love you too

it's a thin line
between love and lie
that's the sunrise
that's the skyline
