

Where do I go

Vers1: Which way should I walk on

Which road should I take

Which way should I choose

Which road should I be standing on

Which side on this planet

That I'm calling Earth

Should I be standing on

But maybe baby

I should turn around

And walk back

To where I come from

But maybe baby

It might be too late

Refr: So where do I go

So where do I turn

So where do I

Waa-aalk

If this doesn't work

So where do I walk

So where do I turn

So where do I

Go-ooo

If this doesn't work

So where do I go

So where do I walk

So where do I

Tu-uuurn

If this doesn't work

Vers2: There's so many options

Please help me

Narrow it down

Lets make it easy

Let us just start at once

Please just tell me

What I should do

I promise you

I will obey

If you only care
To help me
I just need to figure out
Which one I should take

Refr:2x

Vers3: All these roads
They are connected somehow
I don't know why
I don't know how
Just give me a compass
Just give me a map
So I can get out of here
'Cause all I want
Is to find my way out

Refr:3x
