### **If you're not gonna use me**

Can't you just get the fuck out of my head!?! You obviously don't want me!

Stop!

Pulling!

Me in!

I can't save you! You don't want to be saved! You don't want to be loved! Not by me, anyway!

Such

Disrespect

for human emotion is sickening to me!

Your ego

Is bigger than the fucking sun!

And I ask myself to

Please!

Stop!

Feeding it!

But there I go again! Chucking confirmation down your fucking furnace, while sweating my ass off, trying to live up to what YOU want!

What about me!?What do I want!?Why don't I turn my focus on me for a change!? I have lots and lots to give! And instead of letting me give it to you, I'm risking letting it all out on a variety of fuckboys! I could use all this energy IN me, ON me!

But noo!! I save it

All!

For!

You!

Here's what I'm saying:

If you're not gonna use me, let me go!

Throw me back.

Take me off the hook.

You know...

If

You're not gonna use me...
