IT HAPPENS...

You made me happy laugh and Ifell in with my whole soul and so did my entire body you seemed to be more than somebody just passing by...

My heart sang ay, ay...
you got me to standing by, ay, ay..

Your flickering eyes
burnt up on me lovely nice
twise and dubbel twise
and within me it rise
such hot well
it struck me like
a burning bell
inside me it glows
outside something grows
bigger and bigger
it is your hands
which at last
up on me ends!
