### **What's in a Word**

What's in a word

is it a color a texture

Manchester corduroy or silk

velvet or milk

a sound

is it a feeling or an emotion

of where I am bound

is it hello or goodbye

I'm listening or I cry

I run, I hide I seek

I turn around to take a peek

What's in a word

is it love and good faith

or is it travelling with

a sports car or a no speed bike

around a honey bee lake

Is it water or is it land

is it Summer forever or

just a stand of trees

a grove where

there is a bird and a squirrel

and leaves that dance

in a November whirl

is it anger or is it shame

or gentle relief from constant pain

is it a necklace or a ring

or someone who can

really sing the Blues

what's in a word

is it I do or I don't

I can't or I won't

I come or I go

is it marriage and divorce

is it a dare or a promise

a saddle or a waterfall source

of a river that will wind and

bend in its downwards course through

the emerald and diamond

valley below where  
flowers of the sweetest hue do grow  
not far from the ocean  
I weep or I sow  
a word can give me hope  
and trust or lead  
to a heady dance of  
lust that leaves me  
longing for more touch  
and scents that make me  
dream for so much more  
what's in a word  
sometime's it's a whole world  
and sometimes it's  
Just really gone
