Within/without

Extrinsically resectable,
Soft skin, though delectable,
Unprotectable.

Intrinsically unclassifiable,
Suchness, because pliable,
Inviolable.

Laughing at the dread father fickle,
Impervious to his sickle,
If only a tickle.

Seamless resurgence into experience,
Unlimited clearance.

Explicitly centennial,
Implicitly perennial.

Extrinsically respectable,
Facade, though projectable,
Detectable.

Intrinsically annihilable,
Feelings, because pliable,
Violable.

Drowning in the polluted river,
Soon with a poisoned liver,
Has Cupid lost his quiver?

Daily marchings of the mad,
Invariably sad.

Explicitly speciale,
Implicit melancholy
