### **Musings on the Zohar**

When you apprehend  
That you are apprehending  
When you concentrate  
On not concentrating  
When you reach a level,  
A state on the ladder  
Which is not a ladder  
But still you advance and climb  
Pure of heart, modest and helping all  
Where you see endless water within a single drop  
Where the reflection does not shine  
But knows the secret  
As the lucky sincere initiated ascend  
To the golden throne of brilliant colors and light  
And find that  
All is splendor
