The first paragraph of this text I have previously published here on Poeter.se, the 29th of March, 2018, "Rhyme and Reason"; here I have added three paragraphs and developed it into a sonnet; I have also changed the title to "Rhyme in Reason".

Rhyme in Reason; a sonnet

Rhyme in Reason seem to me
as if accorded with to sing in key
with Sense and Sensibility, a gift
for us attuned, a perennial bouquet.

A conspiracy of sorts, vaguely sealed,
a scale of acts in balance by their weights
timely set by tides of tempered haze
a net that bait for us our treasured yields.

Albeit my verse appeals appointed lords,
scenes, devoid of sense, might tend those inner courts;
wisely though, I grant my vice parole.

Reasons cast their case in rhymes that gleam
in me my maze might lure me into schemes;
~~a sense of able tense might vive my soul.~~
