*Transfer PhonePe Wallet Balance in Bank (Gold Trick)*

*This is, in my opinion, the best way to transfer your Wallet to a Bank Account. It may take a day or two for you to get the money.*

### **how to delete phonepe account**

There are a lot of reasons to delete the PhonePe Account. If you have other PhonePe accounts, you can choose to delete your account. You can also close your PhonePe account if you've switched to the UPI based system. A lot of people also got rid of their account because they didn't like how customer service was handled or they've stopped giving out cashback offers.

PhonePe doesn't offer a way to delete your account permanently, but you can send their support an email with information about your request.

You can permanently delete your PhonePe account from the PhonePe Android & iOS Application or from the PhonePe Official Website.
