Faded Dreams

What is life to be
All the creativity
Hits the sun and redeem
You know everything you wanna be
Different kind of Hollywood theme
Its just faded dreams

You pussy too scared
That you forget what you need

Right mind for buisness
Doesnt fit a casual tee
Trynna make you richer
Accidently
Replacing Louise witton with adidas

I have passion
I am fire
Ive got steam
I have all the weapons I need
I did vision the realm
But I slowly realize
It was all faded dreams
