Blessing by Goddess of Everything

"So, this is it.

Are you sure of your call?

Finally blessed,

and you will have it all.

It will be too much, but -

and this is for sure -

it doesn't matter

you'll always want more.

Today is a blast.

Tomorrow will come.

You're leaving nobody,

but left everyone.

Blessings by me -

feeling fine buttercup?

This is the hit,

the divine uppercut.

Maybe a lesson

for you my dear friend?

There's no way to know

how and when it will end."

Goddess of Everything
