## Care-free and free of care

I wanna fall in love  
just love, no specifications and no follow-up  
and that's about it  
I don't give a damn about anything else  
nothing else really matters  
not to the same degree  
well, I guess it all does  
but it all feel like fluff, filler and stuffing to expand life  
I just don't wanna see it as important  
and, as love is the piece that's missing  
it's automatically the most important thing in the world  
I'd trade life, cut my pinky off, eviscerate myself for a bite  
and that's the only thing that scares me  
not even death can measure up  
to the fear of reaching death through a life of loneliness
