a quizzical reflection

there should be more

but I'd still be content

with so much less

wish I knew what lies beyond

the feel of a cold breath

pouring steadily into corrupted lungs

it's the closest to bliss I can imagine

but I know I'm clueless

there should be more

but why wait for what might be

I'd rather be easy

as easy as I can

I don't know much else

but I know the one little thing

nothing I've ever felt

beats a cold breath

in the middle of an ocean

while wild winds roar

and everything is unreasonably calm

but yea, there probably should be more

I just can\'t imagine of what
