

!Gasoline!

Come on baby

feel the vibration

Come on

I know I turn you on

Gasoline

that's my name

feel the taste

in your mouth

Get ready

prepare yourself

Gasoline kisses

Internal - combustion

Look deep in to my eyes

You turn me on

and I am still burning

even when you are gone

Gasoline

Remember my name

let it rest on the tip of your tongue

Don't speak

just sing

Gasoline blues

when you feel lonesome

I will set you on fire

Burn as I burn baby

feel the heat

let the beat

seduce you

Just give in
to this dream
I know
You know
We are lost
in our passion

You turn me on
