något jag just kom på.

Wake me up

In this empty room,

I sitting here alone without you

Everything is dark

I can't believe it

Everything has change

You are happy

Iam unhappy

You left me in this empty room

and just walked away

I hear a voice in my head

I don't want to live this life anymore

I can't stay here longer.

release me, before my heart die forever

I send you black roses

and i hope you understand why

I am lost in this dream

wake me up before it's to late
