Just one last thing..

Excuse me, can I have a couple of minutes of your time
So I can explain what has been going on in my mind
There are a couple of things I need to share
I need to do this so we can clear the air
This wont take long, I'll try to do it fast
I just need to say some things about our past

It all came to an end in such a weird way
And there were a lot of things I never got to say
I never got the chance to really explain
That I never really meant to cause you pain

I truly regret the things that I did
That I was an ass and treated you like shit
Hurting you has been my biggest mistake
And it has left me with a great heartache

I just want you to know that you are great
And it's sad that you are not a part of my fate
But I hope you are happy and you are doing fine
And you deserve the best because you are so divine

I know that it is difficult for you to forgive
And that you will remember this for as long as you live
I realize that you cannot smile and pretend
And that your broken heart cannot mend

But if there's anything you need, I will be here
Today, tomorrow, even next year
If you ever decide to forgive me, let me know
That's all I wanted to say, you are now free to go
